

MEDGEN

Developing Medical Genetics Education Through Curriculum Reforms
And Establishment Of Postgraduate Training Programs

University Paris Descartes Training in Clinical Genetics and Clinical Laboratory Genetics

*Individual trainings will take place on the 3rd floor of “Tour Lavoisier” in the Department of Molecular Genetics, at Necker hospital, and Imagine Institute 2nd or 3rd floors

September 26th to 30th 2016

26.09	27.09	28.09	29.09	30.09
9 :00 to 13 :00 Developmental abnormalities caused by neural crest defects	9 :00 to 13 :00 Mental retardation, epilepsy, mitochondrial diseases	9 :00 to 13 :00 Developmental abnormalities caused by neural crest defects	9 :00 to 13 :00 Mental retardation, epilepsy, mitochondrial diseases	9 :00 to 13 :00 Developmental abnormalities caused by neural crest defects
14:00 to 17:00 Growth defects	14:00 to 17:00 Deafness	14:00 to 15:30 Growth defects	14:00 to 16:30 Growth defects	14:00 to 16:30 Growth defects

October 3rd to 12th 2016

03.10	04.10	05.10	06.10	07.10	10.10	11.10	12.10
9 :00 to 13 :00 Design of all NGS panels	9 :00 to 13 :00 Design of all NGS panels	9 :00 to 13 :00 Design of all NGS panels	9 :00 to 13 :00 Genomic Platform	9 :00 to 13 :00 Design of all NGS panels	9 :00 to 13 :00 Genomic Platform	9 :00 to 13 :00 Bioinformatics platform	9 :00 to 13 :00 Bioinformatics platform
14:00 to 17:00 Genomic Platform	14:00 to 17:00 Design of all NGS panels	14:00 to 15:30 Genomic Platform	14:00 to 17:00 Genomic Platform	14:00 to 16:30 Genomic Platform	14:00 to 16:30 Genomic Platform	14:00 to 16:30 Bioinformatics platform	14:00 to 16:30 Bioinformatics platform
